

The
I N N O L E C
L E C T U R E S H I P

invites you to special lectures:

Dr. Hans Höft

**Leibniz-Institute for Plasma Science and Technology
(INP) Greifswald, GERMANY**

Tue 27/11/2018 10:00 – 13:00 Dean's Office Conference Room (Building 1):

Controlling breakdown regimes in pulsed dielectric barrier discharges - crucial role of volume pre-ionisation

Thu 29/11/2018 11.00 – 12:00 F1 Lecture Room (Building 6):

Tracking breakdown in atmospheric pressure discharges by synchronised fast optical and electrical diagnostics

FACULTY OF SCIENCE, MASARYK UNIVERSITY, KOTLARSKA 2, BRNO
