

The
I N N O L E C
L E C T U R E S H I P

invites you to special lectures:

dr. Indrek JÕGI

Laboratory of Plasma Physics
UNIVERSITY OF TARTU, ESTONIA

Thu 14.12. 2017, 10.00 – 11.00 Fs1 Lecture Room (Building 6)

The use of non-self-sustained Townsend discharge in the studies of reduced electric field strength dependence of plasma processes

Fri 15.12.2017, 10.00 – 11.30 Meeting Room (Dean's office, Building 2)

Plasma and catalyst for the removal of nitrogen oxides

FACULTY OF SCIENCE, MASARYK UNIVERSITY, KOTLARSKA 2, BRNO
