Aim: The long-term and traditional aim of the Bezovec conferences are meetings of professional as well as specialists from Public Observatories and Variable Stars observers from Slovakia, Czech Republic as well as from surrounding countries.

Contributions: Review papers, short communications, posters from stellar astrophysics and cosmology are desired. Data projector, PC and panels are available.

Venue: Bezovec – is world famous tourist locality with wild nature in heart of Slovakia under Bezovec hill. This year the conference centre will be again on the Bezovec in new Pension Bezovec.

Social events of extraordinary significance: The conferences on Bezovec are in spirit of extraordinary events. One of the famous stories tells about the group of astronomers from Ondřejov who had to elect the candidates to the Federal Assembly during the journey to Bezovec. They executed this election under Bradlo mound in Košariská village and so far in the local pub has been spoken the fame about this event. The closer event is the election of the Slovak president that was realised in a chalet of Slovakofarma. In 2001, the other adventure on Bezovec was summation of inhabitants and other things connected with the summation and it was executed at the turn of Saturday and Sunday at 2:00 a.m. Bezovec 2002 was exceptional not only by term of performance, but also by execution of election in brotherly Czech Republic. We claimed that our governments do it out of spite us and that they do not discuss the terms of their activities with our SOC. 2003 was the next extraordinary year in Bezovec,

because the organisers with the highest effort of energy ensured the exceptional astronomical event for participants – the Solar eclipse that was possible to observe from the top of Bezovec either on Friday late at night or on Saturday early in the morning, in agreement with each participant of conference. In 2008 – 2010 on the basis of very serious circumstances the venue of the meeting was out of Bezovec.

We hope that this year we will have traditional Bezovec with some special experiences enriched by our noble guests from abroad.

Social activities: Accompanying persons can take part some of the rich offer of facultative excursions during their leisure time, for example: **walking to Bezovec** hill or **to castle Tematín**. Except the excursions, all participants are cordially invited for a welcome cocktail on Friday evening at 19:30, when is served also the traditional Bezovec speciality.

Transport: We can arrive to Piešťany by **plane, by ship on the river Váh**, but the best way is **by train**. On Friday and Saturday, from the railway station in Piešťany you can take the special buses toward Nová Lehota as follows:

on Friday	-----	on Saturday	06: 35
	14: 50		09: 15
	16: 30		10: 50
	18: 30		14: 50

Finances: The limited financial budget makes LOC collect conference fee from all participants in amount of **only 30,- EUR**. It includes accommodation and boarding during all meeting. Welcome cocktail, bandit-style refreshment and call-night are offered by sponsors.

Registration: Be so kind to send the title of your presentation/poster (Authors, Title, Affiliation, Time required) by email to: hric@ta3.sk asap, but not later than the Closing ceremony

Program: **preliminary**
